INTRODUCTION OF COMPANY

AIES had been established to provide Services as Third Party Inspection and Non Destructive Testing Services for Fabrication, Erection and Oil and Gas Industry

Our system and procedures are in Conformance with **ISO – 9001** accredited procedure.

We operate countrywide. Our Inspection Services protect our valued Client's interest by ensuring that what each client buys is precisely what he wants.

WHY INSPECTION IS IMPORTANT

Inspection can save time and money. Our services contribute to effective purchasing and project execution by:

- ✓ Assessing the capability of manufactures before the contract is awarded.
- ✓ Making critical stage manufacturing checks and witnessing tests, monitoring and reporting agreed stages of inspection during of major project.
- ✓ Issuing verification that correct goods are dispatched.
- ✓ Minimizing the risk of delays and rectification of Cost due to NON-CONFIRMING equipment / material arriving at site.
- ✓ Maximizing quality and reliability standards inherent in the Specifications.

ALLIANCE INSPECTION AND ENGINEERING SERVICES

Is a thought of engineering professional having a diversified exposure in specialize services of all kind of inspection quality management system and technical services to Petrochemical, Energy sector and other Engineering Industries.

Nature of Company services is an essential part of inspection and technical services required in Pakistan as a result of changes in the recent approach to increase pressure on industries to improve the quality, reduce cost and increase profitability.

The Mission of Our Company is:-

“EARNING COUSTOMER STISFICATION BY EMPLOYING STATE OF THE ART SERVICES & INVESTING OUR PEOPLE TO OUR CLIENT”.

Although there are many companies providing alike services in Pakistan butt we, being a professional and experienced group, claim to provide these services in more professional manner.

We offer total solution in engineering and inspection services at promising cost and at the doorstep of our client.

WHERE CAN WE HELP

If we need to ensure that supplies meet specification, arrive the destination in good condition and perform correctly than we are here to serve in:

- Approving the quality control plan
- Identifying the manufactures and developing their abilities to produce goods to required standards.
- Arranging in process- inspection
- Witnessing the test or trails
- Inspection of product packing and making
- Pre-shipment verification

THE COST OF INSPECTION:

The cost of inspection is negligible as compared with consequences of incorrect and substandard supply. The fee is quoted on individual contract basis depending upon the scope of inspection, the type of equipment and source of manufactures. It is quoted either as a lump sum fixed fee, as a percentage of value or on a day rate basis along with reimbursable as the case may be,

PREQUALIFICATION AS THIRD PARTY WELDING INSPECTION/ RADIOGRAPHY FIRM(s)

Dear Sir,

Kindly refer to **EXPRESSION OF INTEREST (EOI)** under cover of your letter No AIES/SNGPL/GM-QA/48/2015 dated 30.11.2015, in response to our advertisement in the press dated 13.11.2015, requesting Prequalification as Third Party Welding Inspection/ Radiography Inspection Firm.

In this respect we have gone through your Company profile/ documents provided against the TORs and are pleased to inform that the Management has very kindly approved to prequalify your firm as **Third Party Welding Inspection/ Radiography Firm**. Kindly note that this Prequalification is initially for a period of one year and will be confirmed/ regularized upon successful completion of this period subject to satisfactory services provided by our firm.

In view of the above, the company will be sending you Invitation to Bid, as and when required, for providing Welding Inspection/ Radiography services on our MS lines being constructed by Projects/ Distribution Departments, for participation/ quoting your rates.

Assuring you of our best co-operation at all times.

Yours Truly,
SUI NORTHERN GAS PIPELINES LIMITED

Subject: Confirmation of Enlistment as Vendor

Dear Sir/ Madam,

This refers to your application for enlistment in MPCL's Vendors List.

We are pleased to inform you that your company has qualified and is now among MPCL's approved Vendors. You are registered for the following commodities, provided your company continues to meet relevant MPCL Standards:-

1	Third Party Inspection, NDT and MILL Inspection Services
---	--

This approval, however, should not be construed as a commitment by MPCL for doing business with you, but your company will have the opportunity, along with other approved sources, to compete, in accordance with MPCL's established policies and procedures.

We would like to thank you for your interest in doing business with MPCL. Should you require any further information, please do not hesitate to contact our office.

Yours faithfully,

Shahid Hussain
Manager Procurement
shahidh@mpcl.com.pk

Note: This is the responsibility of the vendor to notify MPCL, of the following:-

1. Change of Name/ Address / other credentials.
2. Discontinuation of manufacturing or supply of approved commodities.

Dear Sir,

EVALUATION REPORT

TENDER NO.SMMC/SC/209/11

PREQUALIFICATION OF CONTRACTORS FOR

FOR INSTALLATION /LAYING/RECLAMATION OF PIT

LINERS/HDPE GEOMEMBRANE FOR ALL PPL LOCATION.

We are pleased to advise that your company/firm has been pre-qualified with PPL for above mentioned subject.

We look forward to a long business relationship.

Yours Faithfully
Pakistan Petroleum Limited

(Muhammad Afzal Siddiqi)
For, **Managing Director**

Business Experience Scope of Work

SCOPE OF WORK

We are working for Oil & Gas, Fertilizer, Power and Petrochemical Industries. We have experienced Engineers and certified inspectors from API, ASNT and PAEC which have thorough knowledge and sufficient experience of project management and stage inspection. We are providing services in the field of Procurement, Construction, Third party inspection services for Stage and In-Service Inspection, documentation of APIQ1, ISO9001 & its implementation and Commissioning of Project.

Main features and activities of our company include.

A) Third Party inspection Services for LPG and CNG

- i. Consultancy for modification in Old Plant approved by HDIP in accordance with OGRA and NFPA – 58 set standards
- ii. Consultancy for verification of Design
- iii. Consultancy for approval of LPG facility from OGRA
- iv. Stage Inspection during construction of LPG Vessel, Bullets and Bowser
- v. Stage Inspection for LPG cylinders manufacturing
- vi. Calibration of equipments
- vii. Consultancy for set-up of Auto LPG Gas dispensing station.

B) Third Party Inspection Services for Cross Country Pipeline:

- i. Inspection of ROW, Stringing and Fitups of joints.
- ii. Visual Inspection of Welding Joints during Construction.
- iii. Inspection of Trenching and Lowering.
- iv. Inspection during Installation of Heat Shrink Sleeves.

C) Third Party Inspection Services for Procurement:

- i. Inspection of steel plates for Storage Tanks, Vessels, LPG Bullets and Bowser
- ii. Inspection of Station and Refinery piping material
- iii. Inspection of Rotary and Stationary equipments

D) Third Party Inspection Services for Welding:

- i. Prepare Welding Specification and procedures
- ii. Supervise the welding procedure and welder qualification tests
- iii. Inspection of welding during execution of job

E) Third Party inspection Services for Stage Inspection:

- i. During fabrication Erection of Storage Tanks
- ii. During fabrication of Pressure Vessels, Heat Exchangers & Boilers
- iii. During manufacturing of Pipes and Coating at mills

F) Third Party inspection Services for In- Service Inspection:

- ii. Pressure Vessels as per API - 510
- iii. Storage Tanks as per API – 653
- iv. Station Piping as per API – 570
- v. CP audit and Corrosion Control

G) Non Destructive Testing Services:

- i. Radiographic Testing (R.T.)
- ii. Ultrasonic Testing (U.T.)
- iii. Magnetic Particle Testing (M.T.)
- iv. Liquid Penetration Testing (P.T.)
- v. Visual Inspection (V.T.)

H) Skilled Manpower Supply Services

- i. Engineers of all disciplines
- ii. Certified Inspectors
- iii. Supervisors of all disciplines
- iv. Fabricators, Welders, Riggers
- v. Skilled & Unskilled Labors

I) Quality Management System Services

- i. Documentation of ISO 9001 - 2000
- ii. Documentation of API Q1
- iii. Implementation of Quality management system
- iv. Annual maintenance service for Quality management system

List of Relevants Equipments

LIST OF EQUIPMENT:

A complete range of instruments and equipment is available to cater for all aspects of site work in connection with project monitoring and field activity supervision of a construction project.

1) **CRACK DETECTION:**

- MPI Yoke AC 220V (Adjustable) Complete 02 Nos
- MPI Yoke Permanent 01 Nos
- Ultraviolet Lights 01 Nos

2) **ULTRASONIC TESTING:**

- Flaw detector USM 52 01 No
- Flaw detector USK 7 01 No
- Flaw detector USL 32 01 No
- Flaw detector USM 2 01 No
- Flaw detector TUD280 01 No
- Flaw detector EECI DS322 01 No
- Normal Beam Probes 10 Nos
- Angle Beam Probes 12 Nos
- Test Blocks 05 Nos
- Thickness gauging DM2 Thickness meter 02 Nos

3) **VISUAL EXAMINATION:**

- Optical Magnifying glasses 02 Nos
- Inspection Mirror 02 Nos

4) **DIMENSIONAL CONTROL:**

- Welding Master Gauge 03 Nos
- Welding High Low Gauge 03 Nos
- Pit measuring gauges 02 Nos
- Screw gauges 02 Nos

• Vernire calipers	02 Nos
• Depth gauges	02 Nos
• Micrometer	02 Nos
• Dial indicators	10 Nos
• Measuring tape	50 Nos
• Bevel protector	01 No
• Snap gauges	02 Nos

5) **COAT AND WARP INSPECTION:**

• Holiday detector Complete Sets	02 Nos
• Peel adhesion tester	01 No
• Coating thickness measuring gauges	01 No

6) **RADIOGRAPHY EQUIPMENT:**

• Crawler For Pipeline RT	01 No
• Gamma Projector up to 100 Cri	05 Nos
• Radio Isotopes Iridium 192	04 Nos
• Manual Film Processing Unit	08 Nos
• Radiation Survey Meter	05 Nos
• Densitometer	05 Nos
• Beeper (Personnel Alarm Monitor)	020 Nos
• Film Viewer	04 Nos
• Thermo Luminescent Dosimeter (TLD)	06 Nos.
• Direct Reading Dosimeters	08 Nos
• Dosimeter Chargers	02 Nos
• Coli meters	03 Nos
• Long Tongs	03 Nos.
• IQI DIN Standard (10 – 16)	50 Nos
• IQI DIN Standard (06 – 12)	50 Nos
• Film Cassettes with Lead Screen	600 Nos
• Film Hangers (Single to 3 Channel)	200 Nos
• Dark Room Safe Lights	05 Nos

07) **PITLINER EQUIPMENT**

• Welding Machine	04 Nos
• Hot Gun	06 Nos
• Vacuum Box	02 Nos

Company HSE / Quality Policy

HEALTH, SAFETY, ENVIRONMENT POLICY (HSE POLICY)

Our long term success depends on our ability to continuously improve our service delivery while protecting our people and the environment in which we work.

It is our policy to:

- Provide and ensure a safe working environment, conditions and equipment, coupled with training that will provide our employees with the knowledge and information necessary to safely carry out their assigned duties.
- Ensure that our services are performed in such a way as to protect the environment and, where possible, assist clients to do the same.
- To meet or exceed our clients' expectations, the first time and every time, through the application of proven quality principles at all levels of our service delivery process, while being guided by the tenets of our Code of Integrity & Professional Conduct.

We are committed to:

- Protecting the health and safety of our employees, customers and third parties.
- Protecting our environment and that of the communities where we work and live.
- Improving the quality of our services and service delivery.
- Creating awareness on HSE matters amongst all the employees through comprehensive programs, with special attention paid to Radiation Safety.
- Making execution teams directly responsible for the implementation of HSE program.
- Striving for continuous improvement in practices with a focus on minimizing causes of accidents and hazards

The HSE policy will be integrated at all levels and is the responsibility of management with the active support of all our employees.

QUALITY POLICY

AIES is committed to provide services conforming to International / National Quality standards based on application of Modern Inspection technologies and techniques; ensuring Customers satisfaction, striving for continuous improvement, and doing right the first time – assured through an independent quality function.
